# Our Classes Topper Students review about us - 2025

**KRISHNA GHEBAD**

**MBBS - GMC YAVATMAL**

Honestly, Jayhazhi Shep sir is the best Teacher I've ever had and a real guide. He just teaches things so simply like the clearest way possible, which makes learning so much better and more interesting. He always motivates everyone I am in medical school now, but I really miss his teaching and the physics concept taught by sir. If you are having any kind of trouble he is right there for your help, supporting you and making you believe in yourself. If you as a student following shep sir, you will definitely succeed.

— Krishna N. Ghebad  
(GMC YAVATMAL - 2025)

**LAXMI DESHMUKH**

**MBBS - GMC JALGAON**

"This one's for the Great Teacher!"

Dear Shep sir, I wanted to express my sincere gratitude for the way you've brought the laws of the universe to life this year. Before entering your classroom, Physics felt like a daunting collection of formulas and variables, but you've transformed it into a fascinating lens through which I now see the world. Thank you for your incredible patience in explaining every tedious thing. You didn't just teach me how to solve the physics; you taught me how to think critically and stay curious about how things work. Your passion for the subject is truly kinetic, and I am so grateful for the energy you put into every lesson.

**SHRAVANI DUDHE**

**HSC BOARD TOPPER**

Respected Sir,

You always recognize the potential of every student and encourage us to become better and more confident versions of ourselves. Your constant motivation inspires us to work harder towards our goals.

Your hard work, dedication, simplicity and positive attitude make you my inspiration and my best teacher. Thank you sir, for clearing all my doubts, believing in me more than I believed in myself and for always saying, "Yes, you can be there."

I am truly grateful for your guidance and support.

Your Student -

Shravani S. Dudhe

**SARTHAK KHOBRAJADE**

**IIIT GWALIOR**

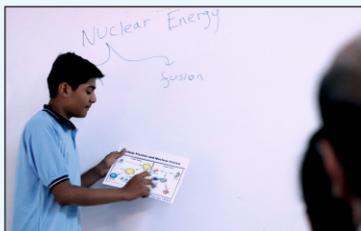

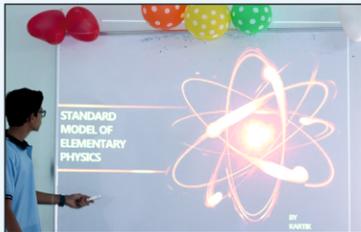

I want to express a big thank you to Jayhazhi Shep Sir for making Physics my favorite subject. Before joining, I used to find the concepts difficult, but your unique way of teaching with real life examples makes everything so simple and fun to understand. Your guidance for competitive exams like NEET, JEE, and CET is truly special because you focus on clearing our basics first. The test series was a game changer for me; it really helped me manage time and handle exam pressure. I also appreciate how you always provide practical solutions to our doubts instead of just making us memorize formulas. You are not just a teacher but a true mentor who genuinely cares about every student's success. Thank you for giving us the confidence to chase our dreams.

— Sarthak Khobragade
